Nature inspired ideas

FINfloor™
total floor solution

A beautiful home begins with a solid foundation

As a trendsetter and pioneer in laminate flooring, we constantly challenge ourselves to be in the forefront of current design trends. Our range of laminate flooring helps to define your lifestyle, enhances the character of your home and cultivates a pleasant environment in your home and workplace. Our floors emulate the characteristic of natural wood texture and present an inspiring lifestyle.

With over 14 years of international experience and a solid 25 year manufacturers warranty plus a lifetime warranty against termites, INOVAR FLOOR® is manufactured to the highest standards, is easy to install and maintain and lasts for years.

Durable and impact resistant

INOVAR FLOOR® is manufactured from tropical hardwood material - making it stronger, more durable and longer lasting. No other imported brands have a hardwood content providing this advantage.

Superior water resistant quality

INOVAR FLOOR® core materials are made of superior water resistant tropical hardwood fibres making it the MOST water resistant laminate flooring you can find in the market.

Environment friendly.

Low formaldehyde emission for a cleaner and greener environment plus product manufactured from wood waste and harvested forests.

25 year manufacturer's warranty

As one of the first distributors of laminate flooring in South Africa and with over 14 years experience in supplying and fitting, INOVAR FLOOR® has long been regarded as the market leader in laminate flooring and thus, we are able to offer you a solid 25 year manufacturer's warranty against staining and surface wear-through.

Lifetime warranty against termites

As a responsible, environmentally aware manufacturer, we only use superior quality tropical hardwood materials from sustainable forests in our production. Thus we are able to offer you, the discerning buyer, a lifetime warranty against termites.

Commercial use

Our flooring has been well received by reputable developers and builders. This is proof of a global quality standard that will give you peace of mind that we as manufacturers can offer you. Our factory is committed to delivering the quality you deserve by investing in state-of-the-art machinery and technology to produce a range of superior water resistant laminate floors since 1996.

Flooring accessories

INOVAR FLOOR® offers you a complete flooring solution as a floor would not be complete without fine complementing accessories to customize your selection. Different types of profiles for various applications are available.

Profile range with matching designs: • Aluminium laminated with high resistant PVC • Inox anodized aluminium profile.

Adaptation profile
For connecting INOVAR FLOOR® with adjacent lower surface (carpet, PVC etc.)

Transition profile
For transition between floors of the same level.

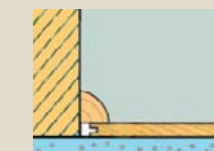

End profile
For proper borders of different floor surfaces in front of adjacent sills, tiles, etc.

Staircase profile
For staircase nosing cover at the edge between the riser and step.

Skirting
For covering expansion gap along the walls.

1/4 Round
For covering expansion gap along the walls & cupboard kickboards.
